NEUBERT AERO CORP.

8ft Airport "No-Entry" Safety Barricade

NACAB811LNE

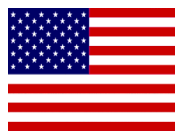

Safely Close Your General Aviation Airport Pavement Surfaces with NAC's No-Entry Safety Barricades

Designed to comply with FAA performance requirements for operational safety, NAC's 8ft No-Entry safety barricades are designed exclusively for airports and shipped complete with minimal assembly required. Priced among the most competitive in the industry, NAC's No-Entry barricades are constructed of durable materials to withstand the deteriorating effects of nature. All NAC barricades are collapsible and come equipped with orange and white high intensity reflective sheeting for increased safety. NAC's 8ft No-Entry barricades offer frangible bases designed to break away in the event of impact, FOD design and a cost-effective solution compliant with FAA standards.

PRODUCT SPECIFICATIONS

8ft No-Entry Safety Barricade
